> DEPARTING DARWIN 30 OCTOBER 2021

## DESTINATIONS THAT SHAPED AUSTRALIA

The great unknown land, *Terra Australis Incognita*, was for centuries imagined but uncharted, before explorers sailed to the edge of the world to find it. They discovered a land which was not unknown to the many indigenous tribes who lived throughout the vast island continent, and from that moment created a new history with both magnificent and terrible deeds.

2020 was the 250<sup>th</sup> anniversary of Captain Cook's landing, the 200<sup>th</sup> anniversary of Philip Parker King's explorations, and the 35<sup>th</sup> anniversary of Coral Expeditions. Celebrating 35 years of pioneering expeditions, we take a voyage to circumnavigate this great land, to see the coast the way that mariners throughout history have seen it, and to explore key historical sites that shaped Australia.

Below are just some of the highlights. Use the key to interpret activities at each location.

### OUR STORY

#### *Australia's Pioneering Cruise Line*

For over 35 years Coral Expeditions has had one purpose - taking small groups of like-minded explorers to the most remote parts of the world, with expert guidance and warm Australian hospitality.

Coral Expeditions was founded by a fisherman with a passion for the sea. Then named Coral Princess Cruises, the small North Queensland based company explored the Great Barrier Reef and pioneered small ship expedition cruising to the Kimberley and Papua New Guinea.

Today, Coral Expeditions has grown to include voyages to Tasmania, Islands of the South Pacific, New Zealand, and the Indonesian Archipelago. Our Australian crew provide warm hospitality and personal service on board. Shore-rich itineraries in remote locations allow our guests to be immersed in local cultures, get close to wildlife, and enjoy adventurous land and sea activities in safety.

We invite you to find freedom in Australia's Coastal Wilderness with us.
