17 SEPTEMBER 2025

CONSUMER WARNING

Timeshares are not appropriate for everyone. You should take time to consider whether buying this timeshare is right for you before you sign the application form.

It is important to understand:

1. Timeshares are generally very long term. The term of this timeshare is until 29 February 2080. You will generally be required to pay **ongoing costs** for as long as you own the timeshare, regardless of whether or not you use the timeshare. This includes any costs for financing the purchase.
2. You are **not guaranteed** the type of accommodation or location you want at the time you want.
3. After the cooling-off period has ended, and you have not withdrawn your application under any 'subject to finance' rights, **it may be difficult to get out of this timeshare** and there is **no guarantee** that you will be able to sell it to another person or get any money back.
4. Timeshares are **not an investment** and you should not expect any financial return from a timeshare. You are buying an interest in a managed investment scheme for recreational use.

Note: In the consumer warning, a "timeshare" is an interest in a time-sharing scheme.

The purpose of this SPDS is to provide the regulatory disclosures required when an offer is made within New Zealand and includes a regulatory warning and the NZD\$ pricing of Vacation Credits and annual levies.

A copy of this SPDS has been lodged with ASIC and the New Zealand Companies Office.

OFFER TO NEW ZEALAND RESIDENTS

The following is a standard warning that must be given to all New Zealand investors when an offer is made by a PDS that is regulated by Australian law:

- (a) This offer to New Zealand investors is a regulated offer made under Australian and New Zealand law. In Australia, this is Chapter 8 of the Corporations Act 2001 (Aust) and regulations made under that Act. In New Zealand, this is subpart 6 of Part 9 of the Financial Markets Conduct Act 2013 and Part 9 of the Financial Markets Conduct Regulations 2014.
- (b) This offer and the content of the offer document are principally governed by Australian rather than New Zealand law. In the main, the Corporations Act 2001 (Aust) and the regulations made under that Act set out how the offer must be made.
- (c) There are differences in how financial products are regulated under Australian law. For example, the disclosure of fees for managed investment schemes is different under the Australian regime.
- (d) The rights, remedies, and compensation arrangements available to New Zealand investors in Australian financial products may differ from the rights, remedies, and compensation arrangements for New Zealand financial products.
- (e) Both the Australian and New Zealand financial markets regulators have enforcement responsibilities in relation to this offer. If you need to make a complaint about this offer, please contact the Financial Markets Authority, New Zealand (fma.govt.nz). The Australian and New Zealand regulators will work together to settle your complaint.
- (f) The taxation treatment of Australian financial products is not the same as for New Zealand financial products.
- (g) If you are uncertain about whether this investment is appropriate for you, you should seek the advice of an appropriately qualified financial adviser.
- (h) The offer may involve a currency exchange risk. The currency for the financial products is not New Zealand dollars. The value of the financial products will go up or down according to changes in the exchange rate between that currency and New Zealand dollars. These changes may be significant.
- (i) If you expect the financial products to pay any amounts in a currency that is not New Zealand dollars, you may incur significant fees in having the funds credited to a bank account in New Zealand in New Zealand dollars.
- (j) If the financial products are able to be traded on a financial product market and you wish to trade the financial products through that market, you will have to make arrangements for a participant in that market to sell the financial products on your behalf. If the financial product market does not operate in New Zealand, the way in which the market operates, the regulation of participants in that market, and the information available to you about the financial products and trading may differ from financial product markets that operate in New Zealand.
- (k) The dispute resolution process described in this offer document is available only in Australia and is not available in New Zealand.
