CLUB WYNDHAM SOUTH PACIFIC AND CONTROLLED ENTITY A.R.S.N. 092 334 015 REPORT OF THE RESPONSIBLE ENTITY FOR THE YEAR ENDED 31 DECEMBER 2019

The Directors of the Responsible Entity, Wyndham Vacation Clubs South Pacific Limited A.B.N. 11 090 503 923, submit the financial statements of Club Wyndham South Pacific (The Club), and its Controlled Entity (The Consolidated Entity) for the year ended 31 December 2019.

DIRECTORS

The Directors of the Responsible Entity at any time during or since the end of the financial year are:

NAME AND QUALIFICATIONS
Gary Martin Croker
SPECIAL RESPONSIBILITIES
Director

Elizabeth Collinson Director
Liam Rayden Crawley Director

Directors have been in office for the duration of the financial period, unless otherwise stated.

DIRECTORS' MEETINGS

During the financial year, as per clause 21.3 of the Constitution, the Directors executed 43 resolutions.

PRINCIPAL ACTIVITIES

The Consolidated Entity owns and operates vacation ownership resort properties.

No significant changes in the Consolidated Entity's state of affairs occurred during the financial year.

REVIEW AND RESULTS OF OPERATIONS

During the financial year, 117 resort apartments at eight resort locations were placed into the Consolidated Entity for occupancy and 55,024,300 Vacation Credits were authorised. In addition to these units, Sundance Japan Vacation Club points were transferred to Club Wyndham South Pacific and 7,000,000 Club Wyndham Vacation Credits were authorised. (2018: 38 resort apartments at eight resort locations and 39,359,200 Vacation Credits authorised and 658 weekly intervals at three resort locations and 11,942,000 Vacation Credits authorised). At 31 December 2019, 59,091 members of the public (2018: 58,134 members) had subscribed and were allocated Vacation Credits in the Consolidated Entity.

The consolidated profit from operating activities after tax for the year ended 31 December 2019 was \$825,874 (2018: \$3,499,899).

As at 31 December 2019, the value of the consolidated total assets was \$633,723,479 (2018: \$597,169,725). The valuation method for these assets is disclosed in Note 1 to the financial statements.

DISTRIBUTIONS

Subject to clause 17.2 and except as specifically provided for (if any) in the Constitution, there shall be no distribution of income or capital to any member except upon the termination of the Consolidated Entity in accordance with clause 32 and in particular clause 32.3 of the Constitution.

STATE OF AFFAIRS

On 22 July 2019, pursuant to regulation 5C.1.02 of the Corporations Regulations 2001, Worldmark South Pacific Club changed it's registered name to Club Wyndham South Pacific. This has had no impact on the operations or state of affairs of the Club.

In the opinion of the Directors of the Responsible Entity, there were no significant events impacting upon the state of affairs of the Consolidated Entity that occurred during the financial year.

RESPONSIBLE ENTITY FEES

During the year, the Consolidated Entity incurred fees amounting to \$9,281,307 (2018: \$6,896,170) for the management of the entity by the Responsible Entity. As at 31 December 2019, the Responsible Entity does not hold any direct interest in the Consolidated Entity.

CLUB WYNDHAM SOUTH PACIFIC AND CONTROLLED ENTITY A.R.S.N. 092 334 015 REPORT OF THE RESPONSIBLE ENTITY FOR THE YEAR ENDED 31 DECEMBER 2019

EVENTS SUBSEQUENT TO BALANCE DATE

On 6 January 2020, fifty two (52) weekly intervals at Club Wyndham Bali Hai were placed into the Consolidated Entity for occupancy and 702,000 Vacation Credits were authorised.

On 17 January 2020, six (6) resort apartments at Club Wyndham Airlie Beach Whitsundays were placed into the Consolidated Entity for occupancy and 3.090.900 Vacation Credits were authorised.

On 01 February 2020, twenty (20) resort apartments at Club Wyndham Normandy, France were placed into the Consolidated Entity for occupancy and 9.152.100 Vacation Credits were authorised.

On 05 February 2020, five (5) resort apartments at Club Wyndham Airlie Beach Whitsundays were placed into the Consolidated Entity for occupancy and 4,061,350 Vacation Credits were authorised.

The COVID-19 pandemic declared subsequent to 31 December 2019 is impacting worldwide economies and the travel and hospitality industry. While these impacts are still evolving, the Directors have evaluated the impacts on CWSP and note that the 31 December 2019 financial statements as reported are not affected. The Directors of CWSP believe the Club can continue to operate as a going concern.

Apart from the matters discussed above, there are no other matters of significance that have occurred since 31 December 2019 that have or may significantly affect the operations of the Consolidated Entity, the results of those operations or the state of affairs of the Consolidated Entity in future periods.

OPTIONS

The Consolidated Entity has no powers to, and has not, at any time granted to a Director or Officer of the Responsible Entity an option to have issued to them any Authorised but Unissued Vacation Credits in the Consolidated Entity.

The Consolidated Entity has not granted to any other person, including the Developer, any rights in respect of Authorised but Unissued Vacation Credits in the Club other than as stipulated in the Constitution of the Consolidated Entity.

LIKELY DEVELOPMENTS

The Consolidated Entity will continue to perform its present functions for the foreseeable future.

INDEMNIFICATION AND INSURANCE OF OFFICERS AND AUDITORS

In respect of the Consolidated Entity:

The Consolidated Entity has not, during or since the financial year, in respect of any person who is or has been an auditor of the Consolidated Entity:

- (a) indemnified or made any relevant agreement for indemnifying against a liability, including costs and expenses in successfully defending legal proceedings; or
- (b) paid or agreed to pay a premium in respect of a contract insuring against a liability for the costs or expenses to defend legal proceedings.

In respect of the Responsible Entity:

The Responsible Entity has not, during or since the financial year, in respect of any person who is or has been an auditor of the Responsible Entity:

- (a) indemnified or made any relevant agreement for indemnifying against a liability, including costs and expenses in successfully defending legal proceedings; or
- (b) paid or agreed to pay a premium in respect of a contract insuring against a liability for the costs or expenses to defend legal proceedings.

INSURANCE PREMIUMS

A condition of the Australian Financial Services License is that the Consolidated Entity must maintain adequate insurance for professional indemnity and fraud by officers. Accordingly, throughout the financial period the Responsible Entity has maintained a policy to cover its Directors or Executive Officers for liability and legal expenses for claims up to an aggregate value of US\$10,000,000 together with an Errors and Omissions Policy to provide professional indemnity coverage to the Responsible Entity for claims up to an aggregate value of US\$10,000,000. These policies were renewed on 31 May 2019 and is next due for renewal on 31 May 2020. No claims have been made and no claims are pending under either policy. Further details in respect of the policies have not been provided as the policies prohibits such disclosure.

NOTE 1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of accounting

The Consolidated Financial Statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001. The scheme is a 'for-profit' entity for financial reporting purposes under the Australian Accounting Standards.

The financial statements cover the economic entity of Club Wyndham South Pacific (The Club), and its Controlled Entity as the Consolidated Entity. Club Wyndham South Pacific is domiciled and incorporated in Australia.

The financial statements of Club Wyndham South Pacific and its Controlled Entity comply with International Financial Reporting Standards in their entirety.

The Club was established on 1 March 2000 with an expiration of 80 years from the Commencement Date of the Club. This financial report was authorised for issue by the Board of Directors of the Responsible Entity on 20 March 2020.

(b) Principles of consolidation

The Consolidated Financial Statements include the financial position and performance of its controlled entities from the date on which control is obtained until the date that control is lost.

Intragroup assets, liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group have been eliminated in full for the purpose of these consolidated financial statements.

Appropriate adjustments have been made to a Controlled Entity's financial statements where the accounting policies used by those entities were different from those adopted in the consolidated financial statements.

(c) Property, plant and equipment

Property, plant and equipment are measured on the cost basis less depreciation and impairment losses. Land and buildings are measured on a cost basis less impairment losses.

The carrying amount of property, plant and equipment is reviewed annually by Directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the asset's employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Consolidated Statement of Profit or Loss and Other Comprehensive Income during the financial year in which they are incurred.

Right to use assets are measured at the present value of the future lease payments over the term of the contract.

Depreciation

The depreciable amount of all property, plant and equipment excluding buildings and freehold land, is depreciated on a straight-line basis over their useful lives to the Consolidated Entity commencing from the time the asset is held ready for use.

Buildings are not depreciated. In the event a resort or apartment is transferred, sold, or assigned and will cease to be an asset of the Club, the Responsible Entity in its capacity as Responsible Entity for Club Wyndham South Pacific will replace that resort or apartment with another resort or apartment of at least equal quality and the same Vacation Credits as the old resort or apartment. Any risks or rewards associated with the transfer, sale or assignment remain with Club Wyndham South Pacific.

Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Class of plant and equipment Depreciation rate

Furniture, fittings and equipment 3 -14 years Motor vehicles 5 years

Right to use assets The term of the lease

The assets' residual values and useful lives are reviewed and adjusted if appropriate at each balance date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount of the asset. These gains and losses are included in the Consolidated Statement of Profit or Loss and Other Comprehensive Income.

NOTE 1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(d) Foreign currency transactions and balances

Functional and presentation currency

The functional currency of each of the entities within the Consolidated Entity is measured using the currency of the primary economic environment in which that entity operates. The consolidated financial statements are presented in Australian dollars which is the Club's functional and presentation currency.

Transaction and balances

Foreign currency transactions are translated into functional currency using the exchange rates prevailing at the date of the transaction. Foreign currency monetary items are translated at the year-end exchange rate. Non-monetary items measured at historical cost continue to be carried at the exchange rate at the date of the transaction. Non-monetary items measured at fair value are reported at the exchange rate at the date when fair values were determined.

Exchange differences arising on the translation of monetary items are recognised in the Consolidated Statement of Profit or Loss and Other Comprehensive Income, except where deferred in equity as a qualifying cash flow or net investment hedge.

Exchange difference arising on the translation of non-monetary items are recognised directly in equity to the extent that the gain or loss is directly recognised in equity, otherwise the exchange difference is recognised in the Consolidated Statement of Profit or Loss and Other Comprehensive Income.

Group companies

The financial results and position of foreign operations whose functional currency is different from the Consolidated Entity's presentation currency are translated as follows:

- Assets and liabilities are translated at year-end exchange rates prevailing at that reporting date.
- Income and expenses are translated at average exchange rates for the year.
- Retained earnings are translated at the exchange rates prevailing at the date of the transaction.
- Exchange differences arising on translation of foreign operations are recognised in other comprehensive income
 and included in the Consolidated Entity's foreign currency translation reserve in the Consolidated Statement
 of Financial Position. These differences are recognised in the Consolidated Statement of Profit or Loss and Other
 Comprehensive Income in the period in which the foreign operation is disposed.

(e) Income tax

The charge for current income tax expense is based on the profit or loss for the year adjusted for any non-assessable or disallowed items. It is calculated using tax rates that have been enacted or are substantively enacted by the balance date.

Deferred tax is accounted for using the liability method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled. Deferred tax is recognised in the Consolidated Statement of Profit or Loss and Other Comprehensive Income except where it relates to items allocated directly to equity, in which case the deferred tax is adjusted directly against equity.

Deferred income tax assets are recognised to the extent that it is probable that future tax profits will be available against which deductible temporary differences can be utilised.

The amounts of benefits brought to account or which may be realised in the future is based on the assumption that no adverse change will occur in income taxation legislation and the anticipation that the economic entity will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

Based on the principal of mutuality, only income arising from non-member activities is subject to income tax. The Consolidated Entity is able to identify all non-member income.

(f) Trade and other receivables

Levies for Owners are recorded as a receivable on a pro-rata basis, from the month following that in which they become Owners. Membership fees are billed in November of each year and are due within 30 days unless the Owner elects and the Club agrees, that the levies can be paid monthly, quarterly or half yearly in advance.

Developer levies are included in the inter-entity account with Wyndham Destinations Asia Pacific Pty Limited and are paid to the Club within 14 days of the end of the month, in accordance with the Constitution of the Consolidated Entity.

NOTE 1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(g) Revenue

Revenue is measured at the fair value of the consideration received or receivable, net of returns, discounts and rebates, and amounts collected on behalf of third parties.

Levy revenue from Owners, excluding revenue relating to housekeeping tokens included in the annual levy, are calculated on a pro-rata basis from the month following that in which they become a member. The revenue is then amortised on a straight-line basis over the remainder of the financial year.

Housekeeping revenue is recognised upon the redemption of owner housekeeping tokens.

Developer levy revenue is calculated in accordance with the Constitution of the Consolidated Entity based on the number of authorised and available for sale, but unsold Vacation Credits at the end of each month and is shown as revenue for that month.

Interest revenue is recognised on a proportionate basis taking into account the interest rates applicable to the financial assets.

Rental revenue is recognised at the time the room is occupied by the guest.

Revenue from the sale of goods is recognised upon the delivery of goods to customers. Other revenue is recognised when the right to receive the revenue has been established.

Revenue in relation to rendering of services is recognised depending on whether the outcome of the services can be measured reliably. If this is the case then the stage of completion of the services is used to determine the appropriate level of revenue to be recognised in the period.

(h) Trade and other payables

A liability is recorded for goods and services received prior to balance date, whether invoiced or not. Trade creditors are settled in accordance with supplier payment terms.

(i) Goods and services tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). In these circumstances the GST is recognised as part of the cost of acquisitions of the asset or as part of an item of the expense.

Receivables and payables are stated with the amount of GST included.

The net amount of GST payable to the ATO is included as a current liability in the Consolidated Statement of Financial Position.

Cash flows are included in the Consolidated Statement of Cash Flows on a gross basis. The GST components of cash flows arising from investing and financing activities, which are recoverable from, or payable to the ATO, are classified as operating cash flows.

(j) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and cash reserves for future refurbishment.

(k) Financial instruments

Recognition

Financial instruments are initially measured at fair value on trade date, which includes transaction costs, when the related contractual rights or obligations exist. Subsequent to initial recognition these instruments are measured as set out below.

Financial assets at fair value through profit or loss

Financial assets, excluding equity instruments, are classified and measured at fair value and any realised and unrealised gains and losses arising from changes in the fair value of these assets will be included in the Consolidated Statement of Profit and Loss and Other Comprehensive Income.

Financial assets in the form of equity instruments are classified and measured at fair value and any realised and unrealised gains and losses arising from changes in the fair value of these assets will be included in other comprehensive income.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are stated at amortised cost using the effective interest rate method.

NOTE 1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(k) Financial instruments (continued)

Held-to-maturity investments

These investments have fixed maturities, and it is the Consolidated Entity's intention to hold these investments to maturity.

Any held-to-maturity investments held by the Consolidated Entity are stated at amortised cost using the effective interest rate method.

Financial assets at fair value through other comprehensive income

Financial assets at fair value through other comprehensive income include any financial assets not included in the above categories. Unrealised gains and losses arising from changes in fair value are recognised in other comprehensive income.

Financial liabilities

Non-derivative financial liabilities are recognised at amortised cost, comprising original debt less principal payments and amortisation.

Derivative instruments

Derivative instruments are measured at fair value. Gains and losses arising from changes in fair value are taken to the Consolidated Statement of Profit or Loss and Other Comprehensive Income unless they are designated as hedges.

Fair value

Fair value is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value for all unlisted securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

Impairment

At the end of the reporting period the Consolidated Entity assesses whether there is any objective evidence that a financial asset or group of financial assets is impaired.

Financial assets at amortised cost

If there is objective evidence that an impairment loss on financial assets carried at amortised cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the financial assets original effective interest rate.

Impairment on loans and receivables is reduced through the use of an allowance account. All other impairment losses on financial assets at amortised cost are taken directly to the asset.

Financial assets at fair value through Other Comprehensive Income

A significant or prolonged decline in value of a financial asset below its cost is objective evidence of impairment. In this case, the cumulative loss that has been recognised in other comprehensive income is reclassified from equity to other comprehensive income as a reclassification adjustment. Any subsequent increase in the value of the asset is taken directly to other comprehensive income.

(I) Comparative figures

Where necessary, comparative amounts have been amended for any changes to the current year presentation or classification of items in the financial statements.

(m) Critical accounting estimates and judgments

The Directors of the Responsible Entity evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Consolidated Entity. There were no key adjustments during the year which required accounting estimates and judgments.

Key estimates - Impairment

The Consolidated Entity assesses impairment at each reporting date by evaluating conditions specific to the Consolidated Entity that may lead to impairment of assets. Where an impairment trigger exists, the recoverable amount of the asset is determined. Value-in-use calculations performed in assessing recoverable amounts incorporate a number of key estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of the revision and future years if the revision affects both current and future years.

NOTE 1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(m) Critical accounting estimates and judgments (continued)

Key estimates - Useful lives and recoverable amount of property, plant and equipment

The Consolidated Entity estimates the useful lives and recoverable amount of property, plant and equipment based on experience with similar assets. The estimated useful lives and recoverable amount of property, plant and equipment are reviewed periodically and updated if expectations differ from previous estimates due to physical wear and tear, technical and commercial obsolescence and other limits on the use of property, plant and equipment.

Kev estimates - Realisability of deferred taxes

The Consolidated Entity reviews the carrying amounts of deferred income tax assets at each reporting date and reduces them to the extent that it is no longer probable that sufficient future taxable profits will be available to allow all or part of the deferred tax asset to be realised.

Key Judgments - Impairment of receivables

Included in trade receivables at the end of the reporting period is an amount receivable of \$16,886 relating to owners' late fees. A provision for impairment has been raised against this amount. This provision is based on a percentage estimate of late fees receivable that may be written off against revenue. Assumptions for the estimate are based on historical data and recent trends.

Key Judgments - Classification of financial instruments

The Consolidated Entity classifies a financial instrument, or its component, on initial recognition as a financial asset, a financial liability or an equity instrument in accordance with the substance of the contractual arrangement and the definitions of financial asset, financial liability and equity instrument. The substance of a financial instrument, rather than its legal form, governs its classification in the Consolidated Statement of Financial Position.

Financial assets are classified as non-current assets. Financial liabilities are classified as other liabilities. The Consolidated Entity determines the classification at initial recognition and re-evaluates the classification at every reporting date.

(n) Date of registration

The Club was registered by the Australian Securities & Investments Commission on 2 May 2000.

(o) New accounting standards and interpretations

The Club has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that are relevant to the operations of the Club and effective for reporting period ending 31 December 2019. The below information assesses any new and revised standards with respect to the operations of the Club and determines the applicable accounting treatment of any such new and revised standard.

Impact of application of IFRS 16 Leases

This standard is applicable to annual reporting periods beginning on or after 1 January 2019. The standard replaces AASB 117 'Leases' and for lessees will eliminate the classifications of operating leases and finance leases. Subject to exceptions, a 'right-of-use' asset will be capitalised in the statement of financial position and measured at the present value of the unavoidable future lease payments to be made over the lease term. The exceptions relate to short-term leases of 12 months or less and leases of low-value assets (such as personal computers and small office furniture) where an accounting policy choice exists whereby either a 'right-of-use' asset is recognised or lease payments are expensed to profit or loss as incurred. A liability corresponding to the capitalised lease will also be recognised, adjusted for lease prepayments, lease incentives received, initial direct costs incurred and an estimate of any future restoration, removal or dismantling costs.

Straight-line operating lease expense recognition will be replaced with a depreciation charge for the leased asset (included in operating costs) and an interest expense on the recognised lease liability (included in finance costs).

NOTE 1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(o) New accounting standards and interpretations (continued)

Impact of application of IFRS 16 Leases (continued)

The Club has conducted a full review of all lease agreements where the Club is lessee and lessor to determine the impact of any changes due to AASB 16. As a result of this review, the Club identified one lease relating to reception space at Wyndham Sydney Suites where AASB 16 is to be adopted.

The Consolidated Entity has applied AASB 16 using the cumulative catch-up approach. In line with this approach, the right to use asset has been measured at the amount equal to the financial lease liability adjusted for accruals and prepayments. As a result, there is no impact on the prior year comparatives or opening retained earnings relating to the adoption of AASB 16 leases.

The implication of applying AASB 16, with respect to this lease is set out below:

Impact on profit for the year

Expenses
Increase in interest expense
(Represents the annual interest associated with the incremental borrowing rate over the lease term)
Increase in depreciation
27,085

Impact on assets, liabilities and equity

Assets

Right to use asset 248,279

(Represents the recognition of the right to use asset, that being the present value of total

lease payments over the term of the contract)

Right to use asset - Accumulated depreciation (27,085)

(Represents the accumulated depreciation of the right to use asset)

Cash (33,632)

(Represents the annual payment of the lease from 1 January to 31 December 2019)

(Represents the annual straight line depreciation of the right to use asset)

Liabilities

Lease Liability (226,425)

(Represents the corresponding right to use asset, adjusted for interest and lease payments over the period from 1 January to 31 December 2019)

In addition to the above, the portion of the contracted lease payments that are due within 12 months (\$23,029) has been reclassified as a current liability in the Consolidated Statement of Financial Position while the remainder of the lease liability (\$203,396) that is not due within 12 months is recognised a non current liability.

(p) New accounting standards for application in future periods

The Club has reviewed all new accounting standards and amendments effective for the reporting period beginning 1 January 2020 and determined that there will be no impact on the Consolidated Entity's financial statements.

NOTE 11 CASH FLOW INFORMATION (CONTINUED)

(b) Reconciliation of cash

For the purposes of the Statement of Cash Flows, cash includes cash on hand and bank deposits in highly liquid investments at call net of bank overdrafts. Cash and cash equivalents at the end of the year as shown in the Statement of Cash Flows is reconciled to the related items in the accounts as follows:

	2019 \$	2018 \$
Cash and cash equivalents per Statement of Cash Flows	52,301,143	55,062,154
Cash per Statement of Financial Position (Note 4)	52,301,143	55,062,154

(c) Financing facilities

The Consolidated Entity has no financing facilities with its bankers.

(d) Non-cash transactions

During the financial year, 117 resort apartments at eight resort locations and points in the Sundance Resort Club in Japan were acquired for the Consolidated Entity by Wyndham Destinations Asia Pacific Pty Limited - the Developer. The Developer owns one special class of Vacation Credit known as the Developer Vacation Credit. Under the terms of the Constitution of the Consolidated Entity, in exchange for placing the resort apartments into the Consolidated Entity unencumbered, the Developer is entitled to the proceeds of the Vacation Credits, as and when they are issued to the general public by the Responsible Entity.

NOTE 12 FINANCIAL REPORTING BY SEGMENTS

The Consolidated Entity operates predominantly, and is domiciled, in Australia, and it's principal activity is that of a vacation ownership resort property owner and operator. The Consolidated Entity currently owns properties and equity interests at thirty six locations, of which one is in Fiji, one is in Thailand, one is in Indonesia, one in Germany, one in France, one in Italy, two are in New Zealand, three are in Hawaii, eight are in New South Wales, eight are in Queensland, six are in Victoria, one is in Tasmania and two are in Western Australia. The Consolidated Entity also owns equity interest points in the Sundance Resort Club in Japan with a network of 16 properties throughout Japan.

The majority of administrative operations are carried out at the Consolidated Entity's head office in Queensland.

The members of the Consolidated Entity mainly reside in Australia, New Zealand or Fiji.

NOTE 13 FINANCIAL RISK MANAGEMENT

The Consolidated Entity's financial instruments consist mainly of deposits with banks and accounts receivable and payable. The carrying values approximate the fair value of these financial instruments, considering the short-term nature of the financial instruments.

The Consolidated Entity does not have any derivative financial instruments at 31 December 2019 (2018: Nil).

Significant accounting policies

Details of significant accounting policies and methods adopted, including the criteria for recognition, the basis for measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in note 1 to the financial statements.

Financial risk management

The main risks the Consolidated Entity is exposed to through its financial assets and liabilities are interest rate risk, liquidity risk and credit risk. The Consolidated Entity's risk management program focuses on the unpredictability of the financial markets and seeks to minimise the potential adverse effects of the financial performance of the Consolidated Entity, by way of various measures detailed below.

Senior management analyse interest rate exposure and evaluate treasury management strategies in the context of the most recent economic conditions and forecasts.

Risk management is carried out by the Board of Directors and key management personnel.

Capital risk management

The Consolidated Entity manages its capital to ensure that it will be able to continue as a going concern.

Its capital structure consists of cash and cash equivalents and equity comprising Vacation Credits, reserves and retained earnings as disclosed in the Statement of Changes in Equity.

The Directors of the Responsible Entity review the capital structure on a regular basis. As a part of the review, the Board considers the cost of capital and the risks associated with each class of capital.

The Consolidated Entity's overall strategy remains unchanged from the year ended 31 December 2018.

NOTE 13 FINANCIAL RISK MANAGEMENT (CONTINUED)

Capital risk management (continued)

(a) Market risk Interest rate risk

The Consolidated Entity is not exposed to any significant interest rate risk.

Price risk

The Consolidated Entity is not exposed to any material commodity price risk.

Foreign currency risk

The Controlled Entity, WorldMark by Wyndham (NZ) Limited operates in New Zealand (NZ) and is exposed to foreign exchange risk arising from currency exposures with respect to the NZ dollar. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the entity's functional currency. The risk is measured using sensitivity analysis and cash flow forecasting. Management has set up a policy requiring group entities to manage their foreign exchange risk against their functional currency. The NZ Owner Levies collected are used to fund the NZ operations and all excess cash is maintained in NZ until such time as the Parent Entity requires the cash flow.

The consolidated Entity also has exposure to foreign currency risks associated with expenditure at it's international properties which are denominated in a foreign currency. This includes the United States Dollar (payment of annual management fees at Hawaiian properties in USD), the Euro (payment of management fees at European properties in EUR), the Fijian Dollar (payment of Denarau Island resort expenditure in FJD), the Philippine Peso (payment of contracted admin services in PHP), Thai Baht (payment of Sea Pearl resort expenditure in THB), the Indonesian Rupiah (payment of Dreamland Bali resort expenditure in IDR) and Japanese Yen (payment of annual levy fees for Sundance Resort Club Points in JPY).

The Consolidated Entity's exposure to foreign currency risk from its Controlled Entity at the end of the reporting period, expressed in Australian dollars, was as follows:

	2019 \$	2018 \$
Trade and other receivables	155,949	988,917
Trade and other payables	48,674	122,540

(b) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Consolidated Entity. The Consolidated Entity's credit risk is limited as a result of contracts entered into at the time of the initial sale of points, in that where the event arises of owners defaulting on paying levies, points can be forfeited and on sold to new owners. The Consolidated Entity does not have any significant credit risk exposure to any single counterparty of any group of counterparties having similar characteristics.

The carrying amount of current financial assets recorded in the financial statements, net of any allowances for losses, represents the Consolidated Entity's maximum exposure to credit risk without taking account of the value of any collateral obtained.

The ageing of the Consolidated Entity's trade and other receivables at the reporting date was:

	20	19	20	018
	Gross	Impairment	Gross	Impairment
	\$	\$	\$	\$
Not past due (current)	79,722,171	-	72,727,297	-
Past due 10-30 days (31 - 60 day ageing)	158,993	-	264,864	-
Past due 31-60 days (61 - 90 day ageing)	201,803	-	116,659	-
Past due more than 60 days (+91 day ageing)	840,664	-	1,304,494	-

	80,923,631	(16,886)	74,413,314	(43,852)

The remaining balance of the past due receivables at 31 December was not impaired because it is expected that these amounts will be received in full through various recovery actions in the normal course of business.

NOTE 13 FINANCIAL RISK MANAGEMENT (CONTINUED)

(b) Credit risk (continued)

Movements in the carrying amounts of impairment expenses between the beginning and the end of the current financial year:

	2019 \$	2018 \$
Impairment		
Late fees and penalties imposed assessed as impaired at the beginning of the year	(43,852)	(20,631)
Annual impairment expense per the Statement of Profit or Loss and Other Comprehensive Income	(179,243)	(201,444)
Late fees and penalties waived or written off during the year	206,209	178,223
Late fees and penalties imposed assessed as impaired at the end of the year	(16,886)	(43,852)

(c) Liquidity risk

The Consolidated Entity manages liquidity risk by monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities and ensuring that adequate funds are maintained.

Trade payables are short-term in nature.

The Consolidated Entity is not exposed to any significant liquidity risk.

The Consolidated Entity has contractual maturities of financial liabilities relating to trade and other payables of \$15,738,588 (2018: \$12,773,755) which are expected to be settled in less than one year.

(d) Interest rate risk

The Consolidated Entity's exposure to interest rate risk, which is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates and the effective weighted average interest rates on those financial assets and financial liabilities, is as follows:

	Weighted average interest rate	Floating interest rate	Non interest bearing	Fixed interest rate maturing <1 year	Fixed interest rate maturing 1 - 5 years	Total
	%	\$	\$	\$	\$	\$
Consolidated As at 31 December 2019

NOTE 13 FINANCIAL RISK MANAGEMENT (CONTINUED)

(d) Interest rate risk (continued)

The net carrying values of financial assets and liabilities approximate their fair value. No financial assets and financial liabilities are readily traded on organised markets in standardised form.

The aggregate net fair values and carrying amounts of financial assets and financial liabilities are disclosed in the Statement of Financial Position and in the notes to the financial statements.

Cash flow sensitivity analysis for variable rate instruments

The sensitivity analysis has been determined based on the exposure of the Consolidated Entity to variable interest rates for non-derivative financial instruments at the reporting date at the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period. A 1% increase or decrease is used when reporting interest rates internally to key management personnel and represents management's assessment of the possible change in interest rates.

At 31 December 2019, if the interest rates had changed by 1% from the period-end rates with all other variables held constant, pre-tax profit for the year for the Consolidated Entity would have been \$486,975 lower/higher mainly as a result of lower/higher interest income earned on cash and cash equivalents.

There has been no change to the Consolidated Entity's exposure to interest rate risk or the manner in which it manages and measures the risk.

The following table summarises the sensitivity of the Consolidated Entity's financial assets and financial liabilities to interest rate risk.

			+19	6	-	1%
	Carrying amount at 31 Dec 19	Carrying amount at 31 Dec 18	Profit	Equity	Profit	Equity
	\$	\$	\$	\$	\$	\$

Club Wyndham South Pacific and Controlled Entity Independent Auditor's Report To the Members of Club Wyndham South Pacific

Opinion

We have audited the financial report of Club Wyndham South Pacific and Controlled Entity (the Scheme), which comprises the consolidated statement of financial position as at 31 December 2019, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Scheme is in accordance with the Corporations Act 2001, including:

- (a) Giving a true and fair view of the Scheme's financial position as at 31 December 2019 and of its financial performance for the year then ended.
- (b) Complying with Australian Accounting Standards and the Corporations Regulations 2001.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Scheme in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Report of the Responsible Entity for the year ended 31 December 2019 but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Liability limited by a scheme approved under Professional Standards Legislation.

The title 'Partner' conveys that the person is a senior member within their respective division and is among the group of persons who hold an equity interest (shareholder) in its parent entity, Findex Group Limited. The only professional service offering which is conducted by a partnership is the Crowe Australasia external audit division. All other professional services offered by Findex Group Limited are conducted by a privately owned organisation and/or its subsidiaries.

Responsibilities of the Directors of the Responsible Entity for the Financial Report

The directors of the Responsible Entity are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Scheme to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Scheme or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, the auditor exercises professional judgement and maintains professional scepticism throughout the audit. The auditor also:

- Identifies and assesses the risks of material misstatement of the financial report, whether due to fraud or error, designs and
 performs audit procedures responsive to those risks, and obtains audit evidence that is sufficient and appropriate to provide
 a basis for the auditor's opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one
 resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of
 internal control.
- Obtains an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Evaluates the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by those charged with governance.
- Concludes on the appropriateness of those charged with governance's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If the auditor concludes that a material uncertainty exists, the auditor is required to draw attention in the auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify the auditor's opinion. The auditor's conclusions are based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluates the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtains sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the entity to express an opinion on the group financial report. The auditor is responsible for the direction, supervision and performance of the group audit. The auditor remains solely responsible for the audit opinion.

The auditor communicates with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that the auditor identifies during the audit.
